With a 24 hour licence, we offer a different drinks promotion every night. Better still, there's pool tables, large screen sports, arcade games, board games, fruit machines, live music and even a video jukebox. As you could imagine, its always crammed to the ceiling with plenty of party animals that are always up for a good time. Although we have fun themed nights with prizes and giveaways every fortnight, everyday is a party in the GloBEtroTTER bar!

We also offer a great selection of great value bar meals for when you don't feel like cooking. What's more, when the weather's fine, we open the doors onto the garden and get the barbie going. If you've gone a bit too large the night before or would simply like some peace and quiet, there's always the chillout areas where you can relax on cosy couches and enjoy your favourite book & chat to newly found friends.

What make our kitchens gloBEtroTTER is because we've invented 'PING Cuisine'. Drop by our supermarket and pick up a ready meal, throw it in the microwave and PING! dinner's served!

If you want to create something from scratch there's plenty of cookers and even enough fridge space to store any leftovers from your creation. There's also cupboard space for you to use if you decide to stay a little longer (as most normally do)!

Ever stay at a grubby hostel where you have to wash something even before you use it? No one feels like cleaning when they are on holiday, so in our GloBEtroTTER kitchens, we'll even do your washing up for you! You cant get much GloBEtroTTER than that! So there you go, just another great feature of our award winning hostels. We dare you to compare it to our competitors.

So after you have cooked that delicious meal in the our kitchen, you want to have somewhere nice to eat, right! Head to the gloBEtroTTER dining room, where you'll always find a spot to sit.
Every morning we offer a self serve continental breakfast that you can fill up on before your next adventure. We serve cereal, toast, juices, tea, coffee and more.

Besides from munching down a feed, our gloBEtroTTER dining rooms are seriously multi-purpose. Socialising, planning your day, learning languages, cookery lessons or just chilling out - we've seen it all.

We hope that a party of hackers never checks into Globetrotter because there are probably enough internet terminals to bring down The Pentagon.
What's gloBEtroTTER still, they're available 24hrs a day so you'll have loads of time to find out what's going on in the world, and tell the world what you're up to.

And Globetrotter Inns is your hostel. Chances are you're going to enjoy Globetrotter so much you won't want to leave! But just in case, we've got a GloBEtroTTER travel desk and it takes the hassle out of booking day trips, sightseeing tours, and even onward flights.
What's more, if you'd like to get around at your own speed, we have bikes available for hire. To make your life easier, you can even buy your Underground and bus passes direct from our Travel Desk!!!

A lot of places wouldn't bother giving reception a page of its own, we do because it's a gloBEtroTTER reception.
We're there 24hrs a day to be the friendly face when you check in and help out when you need reminding how the smart card works or how long the bar's open (24 hours)!

What's more, if you're heading out, we can give you some ideas on what's worth seeing and how to get there.

After you've woken up in our lovely clean beds and taken a steaming hot shower you'll probably want to put on some clean clothes.
Our gloBEtroTTER laundry, with washers and dryers, makes it easy to wash the contents of your bags in no time.

What's more, we've even supplied irons and ironing boards (but nobody's actually used them yet)!

Whether you want your gloBEtroTTER bathroom ensuite or just around the corner, we make sure they're always looking immaculate.
You can enjoy a steaming hot shower with a private changing cubicle at any time of day. What's more, there are full-length mirrors and hairdryers in the female shower area to help you look your best.
